Doctrines of Demons

Within the religious world there are many different doctrines, many different teachings, and one would expect that in the world. However, within the Brotherhood itself, how many doctrines would you expect there to be?

One would hope, and my constant prayer is, that there be only one doctrine and there be no schism within the Church. Yet, that unfortunately has never been the case.

Even among the first century, the teaching of circumcision was a false doctrine that was being spread throughout the Brotherhood. The Apostles and the elders in Jerusalem met to decide what the doctrine of Christ truly is. Praise be to God, Christ's doctrine won out. (Acts 15 : 1ff)

A young preacher named Apollos taught only the baptism of John. Aquila and Priscilla heard him speak and took him aside to explain to him more accurately, correctly, the will of God. (Acts 18 : 24ff)

Today, within the Brotherhood, there are many differing doctrines. To many of our Brethren are willing to choose a path that is not Christ's. To many are unwilling to side with the word of God, and it is far too easy to choose emotions over Christ.

Whose doctrines do we hold here at Pleasant Valley?
